

Empty Air

p. 1 of 2
[Key of D]

Chorus

D
Nothing weighs as much,
Em
Nothing hurts your heart to carry,
Em D
As empty air waiting for a love to return,
D Em
And if she's never coming back, you know she doesn't care,
Em D
Nothing weighs as much as that empty air.

Verse 1

D
This air's inverted.
Em
I am supposed to be an overcomer,
G D
Climbing out on top, get over hurtin'
Bm Em
But this empty air you've left me with is pressing me down,
G A
I'm under all the weight of all the world when you're not around.

Repeat Chorus

Verse 2

Bm
Nobody was going to hurt me,
Bm Em
I was feeling two or three stories tall.
G
I've got story stacked on story 'bout the way you treat me, Baby,
G A
But the way they've left me feeling is small, small, small.

Repeat Chorus

Verse 3 **Bm**
 Nobody was going to hurt me,
 Bm **Em**
 I thought I was standing ten feet tall.
 G
 But the way you treat me, Baby, and the empty air you left me
 G **A**
 Has got me on my knees in a crawl, crawl, crawl.

Repeat Chorus

Verse 4 **Bm**
 Nobody was going to hurt me,
 Bm **Em**
 I was floating over all of the pain.
 G
 But the way you treat me, Baby, and the empty air you left me
 G **A**
 Has me grounded under clouds and rain, rain, rain.

Chorus **D**
 Nothing weighs as much,
 Em
 Nothing hurts your heart to carry,
 Em **D**
 As empty air waiting for a love to return,
 D **Em**
 And if she's never coming back, you know she doesn't care,
 Em **D**
 Nothing weighs as much as that empty air-air-air.

Tag **Em** **D**
 Nothing weighs as much as that empty air.
 D **Em**
 And if she's never coming back, you know she doesn't care,
 Em **D**
 Nothing weighs as much as that empty air-air-air.
 Em **D**
 Nothing weighs as much as that empty air.
